Hearing Aid Compatibility Status Report (FCC Form 655)

Reporting Period: January 1, 2015 - December 31, 2015

Filing Confirmation Number: 0007092638

Filing Deadline: January 15, 2016

FRN: 0017178567

Filing Date: 01/11/2016 06:26 PM

General Report Information

Type of Company

Service Provider

De Minimis Exception

Did you offer any handsets to subscribers in the United States during the reporting period? Yes

Have you been offering handsets in the United States for at least three years prior to the end of the reporting period? Yes

Date that you began offering handsets in the United States

Are you a small entity? Yes

Were you a small entity at any time during the three years prior to the end of the reporting period?

Date that you ceased to be a small entity?

Company Information

Company Name: Flat Wireless, LLC
Brand Names: ClearTalk
PO Box:
Street Address: 5225 S Loop 289, Ste 128
City: Lubbock
State: TX
Zip Code: 79424

Contact Name: Paul Rauscher
Contact Phone: (806) 466-7788
Contact Fax: (877) 918-5550
Contact Email: prauscher@flatwireless.com

Filing Agent

Is this report being filed by an agent on behalf of a manufacturer or service provider? No

Product Labeling

Do all hearing aid-compatible handsets include labeling? Yes

Explain:

Do all hearing aid-compatible handsets that were tested under ANSI C63.19-2007, and that are capable of voice

communication over any air interface or frequency band that does not have hearing aid compatibility technical standards under ANSI C63.19-2007, include the required language disclosing that the handset has not been rated for hearing aid compatibility with respect to such operation?

N/A

Explain:

Do all hearing aid-compatible handsets that were certified only under ANSI C63.19-2007, but that the manufacturer also tested and found not to meet hearing aid compatibility requirements under ANSI C63.19-2011 for one or more operations that are not covered under ANSI C63.19-2007, include language informing users by clear and effective means that the handset does not meet the relevant rating or ratings with respect to such operation(s)?

N/A

Explain:

Do all handsets that are capable of use for Voice over LTE, and that were certified for inductive coupling capability under ANSI C63.19-2011 without being tested for inductive coupling capability over VoLTE, include language disclosing that they were not tested with respect to this operation?

N/A

Explain:

Do all handsets that meet the criteria for an M3 rating by allowing the user to reduce the maximum power for GSM operation in the 1900 MHz band include the required disclosure?

Explain:

Public Website

Does your company maintain a public website describing all hearing aid-compatible models, the ratings of those models, and an explanation of the rating system? Service provider websites must include the levels of functionality that the service provider has defined, the level that each hearing aid-compatible model falls under, and an explanation of how the functionality of the handsets varies at the different levels.

Yes

Website address: <http://www.cleartalkwireless.com>

Explain:

Consumer Outreach

Describe consumer outreach efforts in the past 12 months: All handset packaging contains HAC ratings. We will keep website updated with ratings and meanings behind them.

Methodology for Functionality Levels

Reviewed handset specs and our intended marketing segment for each.

Report Remarks

You have reported the following handset model summary information.

Total number of handsets offered: 33

Air Interface	Fully Hearing Aid Compatible		Acoustic Coupling Compatible Only		Non-Compliant Handsets		Total by Air Interface
	Number	Percent	Number	Percent	Number	Percent	
CDMA	30	91%	3	9%			33
LTE	13	87%	2	13%			15

Handset 1: Alcatel One Touch Pro

Handset Maker

Alcatel

Handset Model Name

One Touch Pro

FCC ID

RAD278

Air Interfaces/Frequency Bands

850 MHz CDMA
1700 MHz CDMA
1900 MHz CDMA

Dates

This handset model was offered from: 01/15 to 12/15

Ratings

M-Rating: M4

T-Rating: T3

Did this handset meet the criteria for an M3 rating for operations over GSM at 1900 MHz by enabling the user optionally to reduce the maximum power at which the handset will operate by no more than 2.5 decibels, except for emergency calls to 911?

Functionality Level

This mid-range Android phone is notable for its large screen, dual cameras, and FM radio. Other features include DLNA wireless media streaming, memory card slot, and 5-megapixel main camera with HD video capture.

Remarks

Handset 2: Apple iPhone 5C

Handset Maker

Apple

Handset Model Name

Apple iPhone 5C

FCC ID

Did this handset meet the criteria for an M3 rating for operations over GSM at 1900 MHz by enabling the user optionally to reduce the maximum power at which the handset will operate by no more than 2.5 decibels, except for emergency calls to 911?

Functionality Level

This update to the Chrono adds a music player, memory card slot, and 3.5mm audio jack, plus a better camera and larger display. Other features of this basic phone are similar, including an outer display, Bluetooth, speakerphone, voice dialing, and downloadable games and applications.
